

OAG, Horrible Adorable

Smelly air all around me
Im looking as the sky goes by
garbage kitchen all around me
Im wondering what a worlds gonna be.

Smelly air all around me
Im looking as the sky goes by
garbage kitchen all around me
Im wondering what the worlds gonna be.

Mix loudly everywhere
Im making this day as my day
any more down dissolve over there
Im hoping not long enough small day.

(Chorus)
Am I in you horrible world?
An adorable world?

There goes on all around there
Im watching the rain drop down
I never been so sincere
Im just been eagerly as Im now.
Children gathering at the playground
Im standing straight here like a freak
Surrounding by no way sign
Am Im ok or am I sick?

(Chorus)
Am I in you horrible world?
An adorable world?
