

Oak Ridge Boys, American Made

Written by Bob Dipiero & Pat McManus

Seems everything I buy these days
has got a foreign name
From the kind of car I drive
to my video game
I've got a Nikon camera,
a Sony color T.V.
But the one that I love is from
the "U.S.A." and standing next to me.

My baby is "American Made";
Born and bred in the "U.S.A.";
From her silky long hair to her sexy long legs
My baby is "American Made";

She looks good in her tight blue jeans
she bought in Mexico
And she loves wearing French perfume
everywhere we go
But when it comes to the lovin' heart
one thing is true
My Baby's genuine "U.S.A.";
red white and blue.

My baby is "American Made";
Born and bred in the "U.S.A.";
From her silky long hair to her sexy long legs
My baby is "American Made";

My baby is "American Made";
Born and bred in the "U.S.A.";
From her silky long hair to her sexy long legs
My baby is "American Made";

My baby is "American Made";
Born and bred in the "U.S.A.";
From her silky long hair to her sexy long legs
My baby is "American Made";

My baby is "American Made";
Born and bred in the "U.S.A.";
From her silky long hair to her sexy long legs
My baby is "American Made";

My baby is...
