

# Oakey Philip And Moroder Giorgio, Brand New Love

There's a feeling in the air  
You sense it in the undertow  
It isn't good or bad but you can tell  
It's time to go  
The passion that you had  
That made you like a dynamo  
Has faded like the writing on your letters  
Sent so long ago  
You've got to take a chance, take a chance on love  
You've got to take a chance, looking for a brand new love  
You've got to take a chance, take a chance on love  
You've got to take a chance, looking for a brand new love  
So you're walking through the town you're not sure where you're going to  
But the chance of who you'll meet is such a force it's driving you  
The lover that's forever is the lover that you've never met  
And you know the brand new lover is the nearest that you'll ever get  
You've got to take a chance, take a chance on love  
You've got to take a chance, looking for a brand new love  
You've got to take a chance, take a chance on love  
You've got to take a chance, looking for a brand new love
