

Oasis, Better Let You Know

I better let you know, It's time for you to go
You're gonna break my heart
I better let you know, It's time for you to go
You're gonna break my heart

I better let you know, It's time for you to go
You're gonna break my heart
I better let you know, It's time for you to go
You're gonna break my heart

I better let you know, It's time for you to go
You're gonna break my heart
I better let you know, It's time for you to go
You're gonna break my heart
