Oasis, Bring It On Down

What was that sound ringing around your brain? Today was just a blur, you gotta head like a ghost train What was that sound ringing around your brain? You're here on your own who you gonna find to blame?

You're the outcast - you're the underclass But you don't care - because you're living fast

You're the un-invited guest who stays 'till the end I know you've got a problem that the devil sends You think they're talking 'bout you but you don't know who I'll be scraping your life from the soul of my shoe tonight.

Bring it on down. Bring it down for me Your head's in a fish tank Your body and your mind can't breath

You're the outcast - you're the underclass But you don't care - because you're living fast

You're the un-invited guest who stays 'till the end I know you've got a problem that the devil sends You think they're talking 'bout you but you don't know who I'll be scraping your life from the soul of my shoe tonight
