

# Oasis, Don't You Wanna Be A Spaceman?

I haven't seen your face round  
Since I was a kid  
You're bringing back those memories  
Of the thing that we did  
You're hangin' round  
And climbing trees  
Pretending to fly  
D'yer wanna be a spaceman  
And live in the sky?  
You got how many bills to pay  
And how many kids  
And you forgot about  
The things that we did  
The town where we're living  
Has made you a man  
And all of your dreams  
Are washed away in the sand  
Well it's alright  
It's alright  
Who are you and me to say  
What's wrong and what's right?  
Do you still feel like me?  
We sit down here  
And we shall see  
We can talk  
And find common ground  
And we can just forget  
About feeling down  
We can just forget  
About life in this town  
It's funny how your dreams  
Change as you're growing old  
You don't wanna be no spaceman  
You just want the gold  
All the dream stealers  
Are lying in wait  
But if you wanna be a spaceman  
It's still not too late  
Well it's alright  
And it's alright  
Who are you and me to say  
What's wrong and what's right?  
Do you still feel like me?  
We sit down here  
And we shall see  
We can talk  
And find common ground  
And we can just forget  
About feeling down  
We can just forget  
About life in this town
