

Oasis, I Will Show You

There's nothing you can say
i know exactly where I'm going
you said there was no way
but I could go without you knowing

just you wait and see
i will get what I have come for
don't try telling me
i could've given you a lot more
just you wait and see
i will get what i have come for
so don't try to tell me
cos I will show you all the way
