

# Oblivion Dust, Remains

The more we live, the more we become...ashamed  
A walking corpse, so senseless and dumb..Remains  
I made it  
A mayday come

Save me  
Save me

No one cares and how our hearts are cut  
We sell ourselves like some cheap misused slut

Save me  
Save me

And I stay to repay and I'm standing on my soul  
And I stay to repay and I'm stranded on my soul  
And I stay to repay and I'm strangling on my soul  
And I stay to repay as I suffocate my soul

Selling all her beauty all day long  
Searching for some purity that's gone

Save me  
Save me

And I stay to repay and I'm standing on my soul  
And I stay to repay and I'm stranded on my soul  
And I stay to repay and I'm strangling on my soul  
And I stay to repay as I suffocate my soul

Save me  
Save me

I can't concentrate inside this shell  
Sinking in a pool of remorse hell

Save me  
Save me

And I stay to repay and I'm standing on my soul  
And I stay to repay and I'm stranded on my soul  
And I stay to repay and I'm strangling on my soul  
And I stay to repay as I suffocate my soul

I made it  
I made it...  
..
