

Obsession, Anytime

Anytime baby
That you want me for a lover
Oh yeah
I'm gonna be there
Make a sign baby
That you want me for a lover
Oh yeah
I'm gonna be there
Anytime baby

I don't need no cure (x2)
Oh baby
Yeeaaaahhh

Well I can feel the night will be exploding
Listening to the beating of your heart it says
Hold on tight
The sun is really gonna burn tonight
Woah woah yeah

I don't need no cure
Yeeaaaahhh

Well I can't stop the love of life inside me
Everytime you're new you drive the rain away
I fly high
I'm really gonna rise today
Woah woah yeah
I'm in a world of despair
I hear the call of love beware
You're the only one to find the way in me
I made a promise from the start
To light the rooms up in your heart

Anytime woah
Anytime baby
Yeah

Make a sign babe I'll be there
Make a sign babe I'll be there

Oh baby Wooooaahhh
Woah woah
