

Ocean Blue, Out Here

Hey
I'm calling
Hey
I'm out here
You're so wrapped up you can't peel
your eyes away
Hey
I'm slipping
Hey
I'm falling
It's just a matter of time till I fade away
Such a beast of a day below
So pretty and stale
Such a radical view you're searching for
Hey
I'm watching
Hey
I'm watching
Hey
I'm listening
If you speak up you might blow my heart away
hey
I'm drifting
hey
I'm drowning
Its just a matter of time till I drop away
So collected and cool in your cocoon
So pretty and high
don't flatter yourself
You're just a pawn
