

# Oceanlab, Little Black Heart

I Never Saw Sunlight  
Burn As Bright  
I Never Felt Darkness  
The Way I Feel It Tonight  
You Say It's Getting Better  
You Say It's Alright  
But I Never Felt Darkness  
Like I Feel It Tonight  
Little Black Heart  
Raindrops On My Window  
I Can't Tell Them Apart  
Like the Few Things Forgiven  
In My Little Black Heart  
You Say It's Getting Better  
We Just Never Got It Right  
But I Never Felt Darkness  
The Way I Feel It Tonight  
Little Black Heart  
Some Day We Will Shine  
Like the Moon in the Morning  
Like the Sun When It's Dawning  
Yes the Sun When It's Dawning  
The Sun  
Some Day We Will Shine  
Like the Moon in the Morning  
Like the Sun When It's Dawning  
Yes the Sun When It's Dawning  
The Sun  
Raindrops On My Window  
I Can't Tell Them Apart  
Like a Few Things Forgotten  
And a Few Things Ignored  
You Say It's Getting Better  
You Say It's Alright  
But I Never Felt Darkness  
The Way I Feel It Tonight  
Little Black Heart
