Oceanlab, Sky Falls Down

You know when you feel it
You know when it hits you
There's no mistaking when you fall
You don't anticipate it
And you can't calculate it
It just comes crashing through your walls

I'll love you 'til the sky falls down
I'll love you 'til I can't feel anything,
Not anything at all
And even when you're not around
I'll love you 'til the sky falls down
I'm flying 'til I hit the ground
And lying there and I don't feel anything
Not anything at all
And even when you're not around
I'll love you til the sky falls down

You lose all sense of reason
You have no sense of danger
It's like you're living in a dream.
It lets you float through crowds and
Makes you smile at strangers
It's just the greatest state of being, Oohh...

I'll love you 'til the sky falls down
I'll love you 'til I can't feel anything,
Not anything at all
And even when you're not around
I'll love you 'til the sky falls down
I'm flying 'til I hit the ground
And lying there and I don't feel anything
Not anything at all
And even when you're not around
I'll love you til the sky falls down.
