

# Oceans Of Sadness, Roulette

Waiting for storm to ruin all  
Hang on to every branch  
You can find, hold on tight  
Stay focused on the thought  
You'll survive, you won't die no  
You'll survive, stay alive now  
Hang on to every branch  
You'll survive, you won't die no  
You'll survive, stay alive now  
Stay focused on the thought  
No!!!  
Don't feed the lion when you are  
on a stranger's ground  
No!!!  
Don't play with fire cause you'll get  
burned real soon somehow  
I don't believe in God, I don't believe in religion  
But I believe in nature having its opinion  
We are as strong as we are weak and there's  
no difference between you and me  
'Praise the lord' they shout  
We will find out someday if we have made mistakes  
'Praise the lord' they shout  
You'll survive, you won't die no  
Stay focused on the thought
