

OCEANS OF SLUMBER, Solitude

I'm sitting here alone in darkness
Waiting to be free
Lonely and forlorn I am crying

I long for my time to come
Death means just life
Please let me die in solitude

Hate is my only friend
Pain is my father
Torment is delight to me

Death is my sanctuary
I seek it with pleasure
Please let me die in solitude

Receive my sacrifice
My lifeblood is exhausted
No one gave love and understanding

Hear these words
Vilifiers and pretenders
Please let me die in solitude, yeah

Earth to earth
Ashes to ashes
And dust to dust

Earth to earth
Ashes to ashes
And dust to dust

Sitting here alone in darkness
Waiting to be free
Lonely and forlorn I am crying

I long for my time to come
Death means just life
Please let me die in solitude, yeah

Earth to earth
Ashes to ashes
And dust to dust

Earth to earth
Ashes to ashes
And dust to dust

Earth to earth
Ashes to ashes
And dust to dust

Earth to earth
Ashes to ashes
And dust to dust
And please let me die in solitude
