## October 31, Power And The Glory

I'm a soldier of fortune, I'm trained and I'm ready to kill Put me in battle I follow the sound of the gun And give me an order At many I'll fire at will I got no emotions I'm living with thunder and steel

I don't hear no lies All I hear are your battle cries I'm a soldier of fortune I'm trained and I'm ready to die

To the power and the glory Raise your glasses high To the power and the glory Be with me tonight

A cold death awaits me tonight If I stumble or fall My friends lay around me Their bodies all tattered and torn But mine is not to reason why Mine is just to do or die

Can you feel the power, Can you feel the glory? Can you feel the power, Can you feel the glory? Can you feel the power? Is it with you tonight?

I' fighting for freedom I'm safe, I've got God on my side But with what poison rights Can you justify your battle hymn The general says we'll win the war Just sacrifice 10,000 more
