

# October Fall, Caught In The Rain

It's a heartbreak that you can't fix up  
It's a last try when you've lost your luck  
And it's a bad day (it's a bad day)  
Another bad day  
It's a last chance when they've given up  
It's a bad ride fallen out of love  
And can you take it?  
Cause I can't take it

It's starting up and never stopping again

When the rain starts shaking the ground  
I hope that you're ready now  
I hope you're ready for it  
Wait till you get caught out in the rain  
I hope that you're ready now  
For all the storms that head your way

It's a long drive when you've got no gas  
It's a cheap date when you're out of cash  
And it's a bad day (it's a bad day)  
Another bad day  
And it's a feeling when you've lost your touch  
And it's a plane ride if you don't like trucks  
And can you take it?  
Cause honestly I can't take it

It's starting up and never stopping again

When the rain starts shaking the ground  
I hope that you're ready now  
I hope you're ready for it  
Wait till you get caught out in the rain  
I hope that you're ready now  
For all the storms that come  
When the rain starts shaking the ground  
I hope that you're ready now  
I hope you're ready for it  
Wait till you get caught out in the rain  
I hope that you're ready now  
For all the storms that head your way

And we'll find ourselves inside the raindrops  
And we'll fight the seconds inside every clock  
It's keeping you from leaving  
The newspapers are reading  
Again I'll take myself before I'm burning in hell  
Inside is what you're chasing  
But everyday it's raining  
Pockets full of silver dimes  
I hope you're ready for this time

When the rain starts shaking the ground  
I hope that you're ready now  
I hope you're ready for it  
Wait till you get caught out in the rain  
I hope that you're ready now  
For all the storms that come  
When the rain starts shaking the ground  
I hope that you're ready now  
I hope you're ready for it  
Wait till you get caught out in the rain  
I hope that you're ready now  
For all the storms that head your way

For all the storms that head your way  
For all the storms that head your way
