

October Fall, Favorite Mistake

To you my favorite mistake
it looks like a second too late
use these words to slit your throat
i meant the words i just wrote

your sick of trying, so am i
you tried another suicide
next time... cut harder

promote your flaws
show your mistakes
6 feet underground
you dig your own grave (2x)

this lead to a loss of sleep
forget you can't forget me
another cut, a loss of blood
why aren't you happy when done

your sick of trying, so am i
you tried another suicide
next time... cut harder

promote your flaws
show your mistakes
6 feet underground
you dig your own grave (2x)

we'll cut harder

promote your flaws
show your mistakes
6 feet underground
you dig your own grave (2x)
