

# October Project, Wall Of Silence

I've seen that life  
Touches us with pain  
And we change  
Becoming strangers to our friends  
Tell me what happens along the way

I thought of us  
Hard to talk these days  
Did we change  
Or were we strangers all along  
Tell me what caused us to turn away

(Chorus)  
There's a wall of silence  
Miles across  
A wall between us  
Holding back  
Holding back our loss

I moved ahead  
Thinking you'd be there  
But it changed  
And now we're strangers to our past  
How did I lose you along the way

Chorus

I've seen that life  
Touches us with pain  
And we change  
Becoming strangers to ourselves  
Tell me what happens along the way  
How did I lose you along the way
