

October Project, Wall Of Silence

I've seen that life
Touches us with pain
And we change
Becoming strangers to our friends
Tell me what happens along the way

I thought of us
Hard to talk these days
Did we change
Or were we strangers all along
Tell me what caused us to turn away

(Chorus)
There's a wall of silence
Miles across
A wall between us
Holding back
Holding back our loss

I moved ahead
Thinking you'd be there
But it changed
And now we're strangers to our past
How did I lose you along the way

Chorus

I've seen that life
Touches us with pain
And we change
Becoming strangers to ourselves
Tell me what happens along the way
How did I lose you along the way
