

# October Project, Where You Are

Floating in the summer sunshine  
We are flying  
We are blue  
Falling like a summer raindrop  
Like a teardrop  
Like the dew

Nothing but a blue horizon  
All around us like a glove  
Feeling it go on forever  
Far below us  
Far above

Where you are  
Do you know  
I think of you  
Where you are  
Do you know  
I hope you do

Shining like a summer rainbow  
We are colors  
We are bright  
Vanishing into the sunshine  
Like a river made of light

Floating in a summer memory  
I can see you in my mind  
Knowing it goes on forever  
Far beyond us  
Far behind

Where you are  
Do you know  
I think of you  
Where you are  
Do you know  
I hope you do

Falling in a summer daydream  
I remember what I knew  
Nothing that I can't hold on to  
Or return to  
Even you

Where you are  
Do you know  
I think of you  
Where you are  
Do you know  
I hope you do
