

# ODESZA, Light Of Day (feat. Ólafur Arnalds)

If I reach the light of day now  
If I reach the light, I'm okay  
If I reach the light of day now  
On my way  
If I reach the light of day now  
If I reach the light, I'm okay  
If I reach the light of day now  
Somewhere on my way  
If I reach the light, I'm okay  
If I reach the light of day now  
If I reach the light, I'm okay  
If I reach the light, I'm okay  
If I reach the light, I'm okay  
If I reach the light of day now  
If I reach the light, I'm okay  
If I reach the light of day now  
If I reach the light, I'm okay  
If I reach the light of day now  
Somewhere on my way  
If I reach the light, I'm okay  
If I reach the light, I'm okay
