

Odyssey, Riding On A Train

Riding on the train we can feel no pain
Riding on the train of love
Riding on the train do you feel the same
Riding on the train of love

If you need me night and day
Never take this love away
Let me take you high above
Riding on a train of love

Riding on the train we can feel no pain
Riding on the train of love
Riding on the train do you feel the same
Riding on the train of love
