

Of Sound And Fury, What Cha' Gonna Do When

Destitute in your own way
Seduction is your lottery
Temptress, try a new trick and watch me fall

It's not enough that I hate myself
But now I'm gonna hate you too

And I've despised that look about you
For a long time
And I've despised...

What's with women these days?
Lust is their master
I thought the boys were bad
But it seems the girls fall faster
