

Off By One, On My Way

Ask me what i want to be
And i will say i will be me
Nothing more and nothing less today and yesterday you'll see
Nothing changes in my world
Im just looking for a thrill
Why does everybody have to be somebody

Chorus
And ill be on my way
And im on my way to getting nowhere
Follow me
Because where i go i'll go forever
You can come to if you want to
I'll mess you up too if you dare
On my way
And im on my way to getting nowhere

I go to work get out of bed
Put a bullet through my head
Cause i would rather be a garbage man ya understand
And count the money i dont make
As i make my next mistake
Tell your dad i got my future planed
Im in a band

Chorus
And ill be on my way
And im on my way to getting nowhere
Follow me
Because where i go i'll go forever
You can come to if you want to
I'll mess you up too if you dare
On my way
And im on my way to getting nowhere

Lets go !!!

So your going nowhere
But if you hate it when you get there
Theres more to life your life moves fast
The breath you take might be your last

Whoa ho ho whoa
Whoa ho whoa ho whoa ho whoa

On my way
And im on my way to getting nowhere
Follow me
Because where i go i'll go forever
You can come to if you want to
I'll mess you up too if you dare
On my way
Im on my way to getting nowhere
