

Off By One, Punk Rock Firl

Jonny likes this girl and
He doesn't even know why
Oh no
'Cause she's not like him
She's a punk rock girl

Friday night last week he saw this
Girl that he thought was the coolest
Black hair, spiked belt she was a punk chick
All he wanted was her

Chorus:

Well she's a punk rock girl
All alone in this little world
She's looking for someone to blame
The stories that her daddy told
Weren't all true and got real old
And now she's running away

He wonders aimlessly and he
Doesn't know where she could be
Oh no
'Cause all he wants is just one night alone

The next time he saw her was back at school at
Lunch time smoking She wasn't too cool
He walked up to her to ask her out and
She said no way in Hell

Chorus

Well she is not like him
'Cause he's too into school
She always goes to shows on Friday night alone
She's looking for a guy
To go to shows with her
Could it be Jonny

A week past and Jonny finally got courage
He walked up to her and then said lets go
She said ok are you the same guy
He said baby I'm yours

Chorus 2x:
