

# Off By One, Untouchable

Well innocence is lost desperation takes over me  
and I don't know what to do  
My word is all but none and there's no place for me drifting  
And I have done it again

[Chorus:]

But you were the one who stole my heart  
sorry I can't tell you what you  
Need to hear  
But you know I would and I'll do it again if you want  
just ask that night was mine

All the words you spoke that just pass right through me  
I can't breath and I don't know what to do  
This was a mistake the tears are staining your face  
The weekend started but we are over now

[Chorus:]

Fighting yelling wanting getting talking lying living and dying  
Fighting yelling wanting getting talking lying living and dying
