

Off Kidow, White King

Born in the ice castle
Between the mountains
King of the winter
He gave his life for white horses
And blue blood came
Horror shake mountains
And virgins death
Black Kruk came
And gave lame
Bloody sunrise
White King in Ice
The Princess bore him child of the hope
White King
He drink bloody drink
Of black Kruk
For dead children
Mountains in a ocean of blood
Land full of sad
Bloody Kiss on a grave
Of Black Kruk
After Bloody morning
Came bloody night
Beautiful land dead for
Bad ground
Screams of a demon
Crushed hearts of good people
White King is still alive!
White King
He drink bloody drink
Of black Kruk

Mountains in a ocean of blood
Land full of sand
