

Officium Triste, Frozen Tears

You left me to live,
my life alone.
You left me a feeling,
I don't know.
It feels like a... cold winter night.
A positive future... out of sight.

There's no reason,
for me to live.
So much love,
I wanted to give.
Now I'm stuck,
with all my fears.
All day I'm crying.
Crying frozen tears.

Why did you die?
It seems so unfair.
And when I cried.
I cried frozen tears.
