

# Oh No Ono, Practical Money Skills For Life

Town, town, town, town, town, town, town, town, town, town, town (town)  
Why-why-why  
Why does she say so?  
That money defines love  
I couldn't believe it  
She's was lost in a long run

I said in this town, in this town, town, town  
No one runs around, round, round  
In this town, in this town, town, town  
We're going down, down, down  
Let's get funny with the money  
She said  
Let's get funny with the money

Why does the right go?  
When you live in a small town  
Can't we go back now?  
To where we belong, yeah

In this town, in this town, town, town  
No one runs around, round, round  
In this town, in this town, town, town  
We're going down, down, down  
Let's get funny with the money  
She said  
Let's get funny with the money

Money for the leaders  
Money loves to travel  
Money's a bigger deal  
Money never lies  
Let's get funny with the money  
Money, money, money, money  
Let get funny with the, oh money!

(La, la, la, la, la, la, la, la)

Town, town, town, town...

We must leave this town before it's time to go  
(town, town, town)  
Understand that time has come to say goodbye, bye, bye, bye, bye

In this town, in this town, town, town  
No one runs around, round, round  
In this town, in this town, town, town  
We're going down, down, down
