Resist the atomic menace BY Oi PoLLOi

In March 1984 an old age pensioner by the name of Hilda Murrell was stabbed to death when she . The Police treated the Incident as If It was just an ordinary burglary that had gone wrong - but it wa the British Nuclear Industry.

A World famous rose grower, Hilda Murrell had been a campaigner for ecological sanity for many y the dangers of nuclear power to be presented at the Inquiry Into the proposed building of a pressur evidence for those opposing the P.W.R. but after the break-in her final dart was strangely found to that sort of thing and yet leaves money and other valuables untouched? She died because she sav
