

Oingo Boingo, Treadmill

You've got me so I'm running round and round in circles
You've got me so I can't see my own face
You've got me so I feel I've been like this forever
You've got me so I'm crazy with disgrace

I know what's on your mind
But it's not what you think it is
I know what's on your mind

But it's not what you think it is

Running on a treadmill after you and I'm
Running on a treadmill now
Running on a treadmill after you and I'm
Running on a treadmill now
