## OK Go, Do What You Want

So you were born in an electrical storm, took a bite out the sun and saw your future in a machine be for two. Now your rays make me kind of go crazy, shock and awe and amaze me, just a ticker tape me, but something was wrong till you tap danced on the air, in the night. Screaming at the top of you lungs, you said, "Come on, come on. Do what you want. What could go wrong? Oh come on come on, do what you want. Oh come on come on. What could go wrong? Do do do do what you want. I was raised amid the trickle-down days. I woke up numb in the haze and saw my future maching the trickle gave me some kind of fright. How did wrong get so right and lead me stumbling through the dark of night? Oh something was wrong, but you tap danced on the air, in the night, Scatthe top of your lungs you said, "Come on, come on. Do what you want. What could go wro come on come on, come on, do what you want. Oh come on come on. What could go wrong? Do owant. " Come on.
