

# Okay, Only

I'm gonna give this a shot...here we go...

I want you to know that you're my only  
I want you to know that you're my life  
I want you to know you don't got to be lonely  
I want you to know it's alright

And oh, some days are so long  
And oh, somethings turn out wrong  
But oh, that don't change where I belong  
My love, no that don't change at all

I want you to know that you're my only  
I want you to know that you're my life  
I want you to know you don't got to be lonely  
I want you to know it's alright
