

Okay, Simple

All that I need from you is love
You said it's simple, all I need from you is love

I pray each time I leave your I-oven on.

All that I give to you is love
You said it's simple, all I give to you is love

I pray each time I leave your I-oven on.

All that I'm gonna do is love
It's so simple, all I'm gonna do is love

And pray each time you leave my I-oven on.
