

# Ola Gintrowska, Missing

Still many wrongs  
Can you love us today?  
Tell your expertise  
Really look me in the eyes

You don't need to run away  
Do you ever hesitate?  
I saw a man in love  
To me it will last

I need you now  
And I know what is right  
Missing, missing, missing you  
I'm losing my mind  
/2x

Pulling me away  
Messing with my head and signs  
Do you always come with lies  
To a woman you love?

I need you now  
And I know what is right  
Missing, missing, missing you  
I'm losing my mind  
/2x

I need you now /2x

I need you now  
And I know what is right  
Missing, missing, missing you  
I'm losing my mind  
/2x

I need you now
