

# Ola, If You Gave Me Your Love

It's a mystery what I did wrong  
I gave you my love, thought we were strong  
But you never gave it  
You never gave it back to me  
I didn't walk away, I tried to work it out  
But you can't repair love, when love is no doubt  
I couldn't understand  
How we had come to this  
For being unsure  
About you  
To feeling insecure  
Around you  
I took the blame and every part of me you change (yeah)  
You said you didn't care  
About me  
That love was never there  
(ooh) to find me  
Why you calling me up just to hear me say again  
Refren:  
We could have been together for life  
Husband and wife  
Every day and night  
If you gave me your love  
Your love  
You could've had all that you need  
A little family  
Together but free  
If you gave me your love  
Your love  
When you need the love  
There's only one cost  
Try so hard 'till your identity's lost  
Don't wanna feel, don't wanna feel that way again  
Why you closed your heart  
I guess I'll never know  
Were you too afraid to let your feelings show  
Oh, it's a crime when loving is denied  
You said you didn't care  
About me  
That love was never there  
(ohh) To find me  
So why you calling me up just to hear me say again and again and again  
Refren  
I'm tired of being the only one in love  
Sometimes to give your heart and soul is not enough  
Just not enough
