

Ola, My Addiction

She likes the attention
The thrill of me chasin' her
And I just gotta, gotta, just gotta
Just gotta, gotta have her.
She's not lika the others
There's something about this girl
And I just, gotta, gotta, just gotta
Just gotta, gotta have her
Chours
Makin' her way through my system
She's become my addiction
And I can't get, can't get enough of her lovin'
No, cause when she's gone I'll be wishin'
I could see her again
And it's out of my hands
She's my addiction
She's my addiction
She's my addiction
She's my addiction

She's got me all worked up
Just thinkin' (a)bout her lovin'
And I just, gotta, gotta, just gotta
Just gotta, gotta have her
Whatever it takes and
Whatever she needs I get
Cause I just, gotta, gotta, just gotta
Just gotta, gotta have her
Chours
I'm on my permanent vacation when she's by my side
Only a dose of what she got can keep me satisfied
I need her mornin', noon , night just to leave out
No exceptions
She's my addiction x2
She's my addiction..
