

Ola Poskrop, Better Place

I was tired of the thousands of people
staring at me
So I decided to do what i wanted
and leave this place once and for all

And I was holding my breath
When you were holding my hand
screaming: take me, better place
And I was holding my breath
When you were holding my hand
screaming: take me, better place

(ZWR. 2.)

And I was holding my breath
When you were holding my hand
screaming: take me, better place
And I was holding my breath
When you were holding my hand
screaming: take me, better place

Take me, better place /3X
I was feeling down
So i moved into a better place
(Downtown)
