

Old 97's, My Sweet Blue-Eyed Darlin'

This time is special for you
I don't think you ever fell for someone like i do
Every now and then I think of you
But this time is time for rock on
Hey do you remeber the time I took you after class
I think you were going to find something special of me
But then when you turned around you broke my heart like a glass
I think you should never be like that to someone like me
This time i will let you down
This time i will never give you to
This time I will set you free
And only tonight you will be mine
Every now and then I think about you
and this pain is making me feel so
alive is the word but I think better off
wothout you i would be
I damn you my sweet blue eye darlin'
i couldn't stop siking for you
even if you never let me be
the man you wanted to see
my sweet blue eye darlin'
my sweet blue eye darlin'
my sweet blue eye darlin'
my sweet blue eye darlin'
my sweet blue eye darlin'
