

Oleander, Candy Store

Broke into a candy store
Laid ourselves out on the floor
And then we made love
Til we we're sore

Sucking on a candy shell
Said she had something to tell
And I said not now please
I don't feel well

Lay it out on the line
Choking on a Red Vine
And my peace of mind
Slipped on a Milky Way
Something got in the way
About all this stuff

Oh, light of day
Yeah, shown to me
Oh, setting sun
We'll just be gone

Use that gasoline
As long as we can swing
Keep it strong and clean
Sugar Smacks in my vein

to my Chili Bean
Seems like you and me
Well

Lay it out on the line
Choking on a Red Vine
And my peace of mind
Slipped on a Milky Way
Something got in the way
About all this stuff

Oh, light of day
Yeah, shown to me
Oh, setting sun
We'll just be gone

Said it was time to go
And I said 'Baby, I know'
But I'd like to keep in touch with you

Oh, light of day
Yeah, shown to me
Oh, setting sun
We'll just be gone
