

# Oleander, Down When I'm Loaded

Who is to blame for the way that you are, the things that you say and  
All the things that you do.

Who is to blame for the way that you feel, the way that your living and  
The way that you deal.

Who is right when everyone is wrong was it fate that brought you here  
Against all your wishes

Who is to blame for the way that you are was it parental supervision or  
The lack thereof

I get down when I'm loaded

Down when I'm loaded

Oh I get down

Who is to blame for the reasons you feel like it's an all or nothing

Kind of situation

Who is right when everyone is wrong was it fate That brought you here  
Against all your wishes

It's the sound of super sad

It's the kind of shit that makes me angry

Your bad, oh waisting your time, your irresponsibility

Yeah, so educated, sooooo

I get down when I'm loaded

Down when I'm loaded

Oh I get down

I get down when I'm loaded

Down when I'm loaded

Oh I get down
