

Oleander, I Walk Alone

I can't take this anymore
and I'm almost pretty sure
I've been here before
I can't take this any longer
I won't heal until I'm stronger
strong enough to not be afraid
of what anybody thinks
of what anybody says
about the way
about the way I am
I'll wait until the day
when those feelings fade away
then I'll make my break

I can't take this anymore
and I'm almost pretty sure
I've been here before
I can't take this any longer
I won't heal until I'm stronger
strong enough to not be afraid
I'll leave it up to you
yeah I'll leave it in your hands
respect your wishes and your demands
and if it was up to me
honey we'd already be back at home
and living out our dreams
living out

Everbody everything I've known
no one never taught me how to stand up on my own
Had to learn it from the one who let me go
now I walk alone, yeah I walk alone, yeah
living blissfully

Guess you had to step away
oh to make me want to be
a bigger man, a bigger man than that
I need you by my side
as I take it all in stride
I put away, I put away my pride
Oh I leave it up to you
yeah I leave it in your hands
respect your wishes and your demands
If it was up to me
honey we'd already be back at home
and living out

Everbody everything I've known
no one ever taught me how to stand up on my own
Had to learn it from the one who let me go
now I walk alone
yeah I walk alone, yeah
I walk alone
I walk alone
I walk alone
I walk alone
I walk, oh yeah
