

Oleander, Why I'm Here

It's the reason for my pain
In a season to celebrate
I don't wanna be full of hate
For anybody, but it's too late

Everyone has been in my face
Tellin' me that I'm a disgrace
Showin' me things that I must face
Tellin' me that they need their space

I can't love you anymore
I'm scared of the sound of it

It's the reason why I'm down
I'm beaten, been pushed around
Hit the ceiling without a sound
Everyone I know considers me a clown

I can't love you anymore
I'm scared of the sound of it
And woman, I just wanted more

I can't love you anymore
Yeah, yeah, yeah
I'm scared of the sound of it
And woman, I just wanted more

Ooh, ooh
It's the reason why I'm here
It's the reason why I'm here
It's the reason why I'm here
It's the reason
