

# Oleta Adams, I Knew You When

"You come home and get lost in the evening news  
I wish we could talk but somehow we never do  
You don't even ask me how my day has been  
Looks like one of those evenings again  
We sit here like strangers  
I don't know you anymore

I knew you when you needed me  
I used to make your world go round  
You used to open up your heart and let me in  
Why can't you now like you did then  
I knew you when

I used to see nothing but love in your eyes  
Now you look at me - it's enough to make me cry  
Little by little you're slipping away  
So much is said in the words you don't say  
Don't you remember when you were mine  
Oh, there was a time

I knew you when you needed me  
I used to make your world go round  
You used to open up your heart and let me in  
Why can't you now like you did then  
I knew you when

I knew you when you needed me  
I used to make your world go round  
You used to open up your heart and let me in  
Why can't you now like you did then  
I knew you when  
Oh, Why can't you now like you did then  
I knew you when"
