

Olive, Blood Red Tears

Verse 1

Lighten up, Give it up
I see a chance to make it up
There's a price for every day
You've just thrown away
I am all I ever was
Didn't change the way I was
Get a grip, Button it
Cool down, Hypocrite

Chorus

Couldn't you find her? Examine your head
Here's a reminder, Blood red tears were shed
Didn't you need her? Examine your head
Will you remember? Blood red tears were shed

Verse 2

You dispose, I oppose
Couldn't you resist a go
You applaud your reward
I sit here alone
You agree to comfort me
Every day I try to leave
End of feud, Your attitude
Worn there on your sleeve

Repeat Chorus

Middle 8

They tell me to go, I lie that I know, He cries so unkindly
Repeat Chorus
