

Oliver James, Out Of Place

you'll be coming home soon
you know your out of place
you knock on my doorstep
i just need to see your face

oh my heart is like a speeded train
oh my love and i can feel your pain
oh my love yeah i pray for you
because i miss you
i'm out of place
i'm out of place

(background)
i'm out of place
i'm out of place
i'm out of place
i'm out of place

you'll be coming round soon
its just my fantasy
is there something i can do for you
have you got a soul to save

oh my heart is like a speeded train
oh my love and i can feel your pain
oh my love yeah i pray for you
because i miss you
i'm out of place
i'm out of place

oh my heart is like a speeded train
oh my love and i can feel your pain
oh my love yeah i pray for you
because i miss you
i'm out of place
i'm out of place

(background)
i'm out of place
i'm out of place
i'm out of place
i'm out of place

oh because i miss you
i'm out of place
oh because i miss you
i'm out of place
i'm out of place

you'll be coming home soon
