

Oliver Wakeman Band, Don't come running

Don't come running...

I can't believe in all the things that you would say

I can't believe that you want it all your day

I never said that I was made ut of stone

I never thought that I would do this jump at alone

and if you think that you know the reason why

just remember this I was gonna help you try

I wasted so much time, trying to fit it

and now you'll pay the price for following your whim, so...

don't come running - I can't help you now

don't come running - cause I won't show you how

don't come asking - for my advice again

don't come knocking - trying to be my friend

I already know it's not going my way

I already know that it's not my way

I already know that you don't need me around

I already know that you need to find your sound, so...

don't come running - I can't help you now

don't come running - cause I won't show you how

don't come asking - for my advice again

don't come knocking - trying to be my friend

don't come running - I can't help you now

don't come running - cause I won't show you how

don't come asking - for my advice again

don't come knocking - trying to be my friend
