

# Olivia Lufkin, Under Your Waves

Lover,  
You make me want to beg you for more  
Your drugs, my thrilling intake  
I take whatever you make  
Please make me feel out love  
Touch me under your waves  
Breathing under your waves  
Lover,  
You make me want to beg for more  
Soon you'll find me tipping on the edge  
Sometimes i wonder how it'd feel  
If you made me whole  
Made me safe  
Touch me under your waves  
Breathing under your waves  
You come closer to me  
When i push you away  
You come closer to me  
When i push you away  
Lover,  
You make me want to beg for more
