

Olivia Lufkin, Walk On By

I'm a little good girl
I'm a little good girl
He makes me cry
He doesn't know why
He tries to change me
And says he loves me
Walk on by
His voice can't reach my love
Even though he wants to
I'm a little good girl
I'm a little good girl
What makes you happy?
I gave you everything
Oh please forgive me
For being me
Walk on by
I can't feel love with you
Even though we're close
I can love myself and others
Walk on by
