

# Olivia Newton-John, It's Christmas Time Down Under

See the sun in the sky  
Always riding high  
At Christmas time down under

It will be no surprise  
Temperature will rise  
At Christmas time down under

This is a festive time  
And we have no rain  
Santa is dressed up fine  
Here he comes again

At the time and the place  
They come face to face  
At Christmas time down under

Doesn't seem quite the same  
Playing Winter's game in the sun

The only snow we have is on our Christmas tree  
The Southern cross is not the Northern star  
We like to make believe  
we hear those jingle bells  
It doesn't really matter where we are

We can look to the sky  
And see the reason why  
It's Christmas time down under

It's so wide, it's so blue  
You'd see the reason too  
At Christmas time down under

The world seems the wrong way round  
Someone made it so  
Someday we're up side down  
Ask the man who knows!

It's his birthday today  
He came here to stay  
At Christmas time down under

It's "Up over" for me  
"Down under" when I see  
Clear blue sky!
